# **Kovaleski's "Key" Notes**

Dear Parents:

National Catholic Schools Week, our annual celebration of Catholic Education, is a little more than a week away. Starting with Masses on the weekend of January 28th/29th we have a whole week of activities planned to show what our students are accomplishing and to celebrate the community we have built.

This year's Catholic Schools Week theme centers on community: "Catholic Schools: Communities of Faith, Knowledge and Service". The theme highlights the fact that schools are not only communities themselves; they are also part of many other communities, including families, parishes, towns/cities and our country.

The theme also focuses on key elements of Catholic education: faith development, academic excellence and dedication to service. These elements set Catholic schools apart from other educational options. They are why families make sacrifices to provide their children with a Catholic education.

I hope you will visit us during our Open House events at St. Mary and St. William, visit our book fairs, or join us for one of the many activities taking place that week. Please also consider bringing your friends and neighbors, particularly those who may be considering Catholic education for their children. This is a great way for prospective families to learn about our school, our students, and to witness all Waukesha Catholic has to offer!

#### **Open House**

- Sunday, January 29th at St. William Campus and/or
- Monday, January 30th at St. Mary Campus.
- Current families/students be sure to join in the fun and see the artwork exhibits at St. Mary Campus that will feature student's art.
